JOINT CLIMATE CHANGE TASK FORCE

On the July 25, 2019, the FNSB Assembly approved Resolution 2019-29 establishing a Joint Climate Change Task Force to develop a Climate Action and Adaptation Plan for the FNSB.

GOAL

Develop a Climate Action and Adaptation Plan that will be submitted to the Assembly for approval.

MISSION

Provide policy guidance and oversight in the plan development and public engagement.

OBJECTIVE

- Determine the plan scope
- Identify funding level needed for plan development
- Identify potential funding sources
- Develop RFP to secure a planning contractor
- Provide contractor oversight on the plan development
- Assist in public engagement and outreach
- Submit plan to Assembly for approval

PLAN SCOPE

The plan shall consider mitigation and adaptation measures to address climate change by providing community benefit through cost savings, stable energy prices, steady jobs and local revenues, social equity, improved air quality, and better public health outcomes while developing resilient infrastructure, community planning, and economic development.

PLAN DEVELOPMENT PROCESS

The planning process will include but is not limited to:

- Education
- Stewardship
- Goal-driven objectives
- Legacy
- Awareness
